PRICES UP WITH RUSH

There Was a Buoyant Movement of Stocks.

WHOLE LIST WAS STRONG

Amalgamated Copper Advanced Five and a Half Points, and Sustained Market Late in Day When Some Hesitation Was Shown.

(By Associated Press.) NEW YORK, August 14.—There was another buoyant uprush of prices to-day in further recovery from the extreme depression of last week. So violent did the pression of last week. So violent did the movement become that it was regarded with some suspicion, and professional traders became very watchful for symptoms of reaction in order to selze a ripening opportunity for a shift to the about side for a turn. The market showed about side for a turn. The market showed alour the self of the short side for a turn. The market showed alour the self of the self

and for the greater part of the day was below.

The early strength in the market was mast conspicuous in the Western grain carrying railroads and the principal buying shifted afterwards to the Eastern part of the market, led by New York Central and followed by the other trunk lines stocks. London was reported an eager buyer of New York Central, but no other news was forthcoming to explain the strength in the stock. The United States Steel stocks participated in the upward movement and were somewhat affected by the reports of extensive shutting down of mills in Western Pennsylvana and Eastern Ohio. Amalgamated Copper was helped by a rise in the price of the metal here. A feature of the day's news was the report of sales of cash wheat at Minneapolis for a dollar a bushel. Freliminary estimates of the week's currency movement pointed to a cash gain by the banks this week of mearly \$4309,000.

The violent upward movement of 5 1-2 points. 100 in Analgamated Copper of the first of the Analgamated Copper of the strength of the strength

Wall Street Gossip.

Wall Street Gossip.

(Special to The Times-Dispatch.)

NEW YORK, Aug. 14.—The opening was irregular, but considerable strength was shown in places. The London market did not give much lend, as the evidence of realizing there in others. The professional element was a good deal divided, and while one section was inclined to switch from Reading to stocks which have had less advance, the others were selling short round the room.

A month ago the Cassatt-Vanderbilt holdings of Reading lacked 200,000 shares of a full cyntrol. If this amount of common has been purchased since it involved \$7,500,000 in money or about one-half the premium on the recent Pennsylvania stock lasue.

STRENGTH DUE TO FRIGHTENED SHORTS:

LONDON SOLD A FEW:

The London sales were more than the purchases for the same source, and the market round about noon showed some evidence of a balt. The swing in places looked good, but specialists considered that the distribution of stock bought recently to protect had not materially weekened prices.

Although there has probably been investment huying of Manhattan in progress for some weeks

buying of Manhattan in progress for some weeks past, the strength of it was thought to be not altogether based upon such purchases. The simultaneously firm tone is Brookin Rapid Transit and Metropolitan gave considerable point to the rumors that the recent-weakness in the market had made an important difference in the concentration of traction holdings.

EARLY AFTERNOON TRADING:
Although the volume of trading was probably smaller in the early attenson, stocks showed overy genuine strength. The scattering profitations of the strength of the scattering profitation of the strength of the scattering profitation of the strength of the scattering profitation of the scattering profit in the market of the scattering profit in the scattering the scatte the best of anything.

CHEMICAL DIRECTOR'S MEETING:
President Morgan, of the Chemical Company,
sups the directors will meet at Richmond, Va.,
next Tuesday, when the dividend matter will
be considered.

THE CLOSNOE The close was firm and practically at the best of the day. The strength in the Steel stocks was an important factor in the late training, and the advance in those issues, which the Standard Oil people might be supposed to have

COTTON MARKETS.

NEW YORK, Aug. 14.—Spot cotton was firm at an advance of 567c. Clique support and covering by shorts, who were still supprehensive as to the course of the tropical storm, which was again said to be headed for the Gulf States. September and October in the Gulf States. September and October september in the Gulf States and India october acabing loss and India october acabing loss and the other months selling the bidding of 12.30 was withdrawn that month sold at 12.20 and closed at 12.25, that was reported.

During the afternoon the late months were in-

was reported.

During the afternoon the late months were innuenced by reports of too much rain in the corn
section, but generally speaking the climatic consitions were favorable. Closed steady, 5@10 ditions were favorable. Closed steady, b@10 nobits higher.
It is reported that 6,000 bales of colton are to be shipped from here to Liverpool in the near future, and sales of 1,150 bales were reported to spinners. On the other hand, it is said 3,500 bales have just been shipped here from Liverpool for delivery on August contracts. The Ansust notices to-day were estimated at 2,000 bales.

NEW ORLEANS, LA., Aug. 14.—COTTON—Spot cotton quiet; sales, 200 bales; quotations unchanged.
Bullish weather and crop conditions have caused the holders of spot cotton to advance their prices Sully half a cent above board quotations. Futures were quiet, induenced by Liver, rool cables. Prices opened 5 points higher than yesterday's close. There was more disposition to sell than to tuy throughout the moraling. This caused prices to sag almost to yesterday's close. Promise of rain in all of the Southwestern districts on the coast for to-night and temocrow and extremely light receipts proved strong factors to support the market in the face of the desire to sell, and prices were sgain sent up to the highest level of the morning. Prices continued to improve until the close of the session, when the list showed net gains of 3 points on August and 765 on the new crop positions. Cotton futures steady: August, 12.98-613.53. MISCELLANEOUS MARKETS.

PEANIT MARKET.

PETERSBURG, VA., Aug. 14.—The peanut market has been very active recently with fluctuating prices. Spanish peanuts, 90c.; Virginias, fancy stock, 34/c.; shelling stock, 20/25/c. There are only about 10,000 bags of Spanish peanuts in the bands of merchants, rud this is the smallest stock for many years.

DRY GOODS MARKET. NEW YORK, Aug. 14.—Burers are not very active, and although Jobbers are reported busy, they have done little on their part as fet to indicate a very large business in the way of replacing any of the stocks which may be depleted. Curtailment is having its effect and will be more in evidence during the next two or three weeks.

WILMINGTON. N. C., Aug. 14.—SPIRITS TURPENTINE—Firm at 52c. bid; recelpts, 73 casks. Rosin—Nothing deling; recelpts, 128 bar-rels. Crude Turpentine—Firm at \$1.25 423,28; re-cipis, £2 barrels. Thr—Firm at \$1.05; recelpts. ceipis, 52 barrels. Tar—Firm at \$1.05; receipes, 18 barrels.
SAVANNAH. GA., Aug. 14.—TURPENTINE—Firm at 524,4653c; receipis, 1.055 casks; sales, 670 casks; exports, 534 casks. Rosin—Fire; receipts, 2.363 barrels; sales, 1,905 barrels; exports, 2.500 barrels.
GHARLESTON. S. C. Aug. 14.—TURPENTINE—Nominal. Rosin—Steady.

COTTONSEED OIL MARKET. NEW YORK, Aug. 14.—Cottenseed oil was firmer and more active with some advance on spot. Prime crude, f. o. b. mills, 20@30c., new crop. Prime summer yellow, 41½@42c.; off summer yellow, 30c.; prime white, 46c.; prime winter yellow, 46@47c.

TOBACCO MARKET.

Richmond, Va., Aug. 14, 1903.

Dark Fired Tobacco-(reordered).—Market continues quiet and steady, with fair receipts. Tobacco not in keeping order sells considerably below prices, quoted. Brights—Receipts moderate; market quiet, but firm, Sun Cured-Light receipts; market active on tobacco in good srder.

The fellowing are the quotations for the past week:

ORDER OF **IMPORTANCE**

Defines Duties of the General Staff of the Army.

POWERS OF THE CHIEF

the President in Military Affairs, but Chief of Staff Acts as Secretary's Adviser.

(By Associated Press.)
WASHINGTON, Aug. 14.—Secretary
Root to-morrow will premulgate an oxder defining the duties of the general staff of the army, which goes into effect, under the law, August 15th. The most important features of the order is that in relation to the selection and duty of the chief of staff. Upon this point the Secretary says:

"Under the act of February 14, 1903, the command of the army of the United States resits with the constitutional commander-in-chief, the President. The President will place parts of the army and separate armies, whenever constituted, under commanders subordinate to his general commanding, and, in case of exigency seeming to him to require it, lie may place the whole army under a single command subordinate to him, but in time of peace and under ordinary conditions the administration and control of the army are affected without any seeming to the army are affected without any seeming to the president's command is exercised through the Secretary of War and the chief of staff. The Secretary of War is charged with carrying out the policies of the President in military affairs. He directly represents the President and is bound always to act in conformity to the President's Instructions. Under the law and the decisions of the Supreme Court his acts are the President's acts, and his directions and orders are the President's directions and orders.

"The chief of staff reports to the Secretary of War, acts as his military adviser, receives from him the directions and orders are the President's acts, and his directions of the Secretary of War, acts as his military adviser, receives from him the directions and orders given in behalf of the President from officers of the army at large, not below the grade of brigadiering on the difference and personal accord and sympathy between the chief of staff and the President and necessarily also between the chief of staff and the Secretary of War. "Under the act of February 14, 1903, the command of the army of the United

BANK CLEARINGS

Jacksonville \$1,200,101, increase 13.7.

Chattanoogas \$103,841, increase 44.9.

Jacksonville \$1,200,01, increase 14.0.

Galveston \$4,149,300, increase 44.9.

Jacksonville \$1,200,01, increase 14.0.

Galveston \$4,149,300, increase 15.0.

Charleston \$11,627,600, increase 14.0.

Charleston \$11,627,600, increase 15.0.

Outside New York \$779,753,315, increase 3.2.

Developments this week have been largely favorable. Prominent among these is the lessening of pressure at the country's great financial center, which has led to a more optimistic feeling in the country at large. Beyond and appretent from this, however, though no doubt affected thereby, it is to be noted that fall trade in dry-goods, cithing, hats and shoes and millinery has expanded in the western, southern and castern markets. Export demand for our wheat and flour and shipments thereof have enlarged. Rallroad traffic return while pointing to a comparatively small eastward movement of grain show a heavier movement of live animals and a marked increase in western-bound shipments of freight.

Reports of congestion in railroad traffic are most severe in the Kansas City district, but this trouble affects lumber shipments from the Northwest and coal shipments in Pennsylvania, and this, coming so early in the season, is regarded as significant of the probable volume of business to be offered the transportation companies, No improvement is roted in the cotton-mill situation. The high price has resulted in a practical cutting down of production.

Business failures for the week ending with August 13th number 160 against 181 in 1802.
